

## Weather Proof Labels

One of the most aggravating dilemmas in organizing garages is that after a summer of intense heat in Arizona, the once beautiful labels start to peel off the organizing containers.

Well, peel no longer because Label It Now labels are here. These 4.25" x 2.9"W adhesive plastic label pouches stick to any style of container and do not peel off in the heat, humidity or cold. They can also be easily moved from one bin to another without losing their stick thanks to the genuine 3M adhesive on the back.

The fact that these pouches are clear, also gives you fun design options for your labels. Use scrapbooking paper to really make your labels pop or take a picture of what is inside the tub and use that for your label (think kids rooms and playrooms).

The pouches come in packs of 10, 25, 50, 100 or 500.
